## Barber S-2-E in Coal Service

March 2005

This S-2-E Barber Stabilized Truck with 945-SW Split Wedges and Pedestal Shear Pads was selected at random from trucks that have been in coal service for 400,000 miles on high side aluminum gondola cars.

The wedges, wear plates, and pocket inserts have well over 700,000 miles of life left in them.

The pocket inserts, friction wedges, and column wear plates are providing exceptional performance and durability.

Include S-2-E trucks in your next car build.
