

Product Bulletin SCT-17803 Friction Wedge

November 2008

Standard Car Truck Company introduced the SCT-17803 Friction Wedge in 2001. Since then, we have sold tens of thousands, including over 30,000 this year alone. Thanks to your support, we are continuously working to bring you more high quality competitive alternatives. When it's time to restock your truck parts, call us at 847-692-6050, or visit us online at www.sctco.com to view complete listing of SCT product offerings.
